| Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible ? | In-Network : \$5,000 Individual / \$10,000 Family Out-of-Network : Not Applicable | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | Yes. Preventive care is covered before you meet your deductible . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | No. There are no other specific deductibles . | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan ? | In-Network : \$6,750 Individual / \$13,500 Family Out-of-Network : Not Applicable | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limit until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums , prescription drug brand additional charges and manufacturer assistance, and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See www.avmed.org or call 1-800-882-8633 for a list of network providers . | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | No. | You can see the specialist you choose without a referral . |

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
